

Inspiring

the [ONE WRITE]

Spirit of

Giving

It's time to start thinking outside the box.

A vast improvement over traditional boxed sets, One Write Envelope Books are more convenient, less expensive, and beloved by churches the world over.

At One Write, we understand that every congregation is one body made up of a variety of personality types, and that when you offer choice in the way your members can give, it makes it easier for ALL of them to give consistently. Our Envelope Books are designed to appeal to all sorts of people because when you recognize each individual's giving preference, it's a whole lot easier to "push the envelope."

Where you need it when you need it.

Perfect for Procrastinators and the Incredibly Busy

It happens to the best of us. For whatever reason, we don't remember our offering until we're minutes from the church... or already there. At less than half an inch thick*, the One Write Envelope Book can easily be stored in a glove compartment, bible case or handbag, so it's always immediately at hand.

The One Write Envelope Book's small size is also a great benefit for your church office; it doesn't take much room to store and, because it meets postal requirements, it's easily mailed to home-bound or out-of-town members.

Keeps you on track and on budget.

Our Envelope Book is beloved
by Organizers, Accountants
& Planners

Because each envelope is attached to a running-total stub that allows them to record the date, their balance, and their offering amount, individuals who like to plan will love the way the Envelope Book keeps all their information organized. They can fill out their entire book at the beginning of the year to keep them on track, and have an accurate annual giving record in one convenient place.

Low Tech High Touch

Because there's something
to be said for tradition.

Tithing online has become a modern-day way to give, but many church members still prefer the classic envelope in the tray. One Write Envelope Books give Traditionalists an improved way to give the way they like, with old-fashioned envelopes presented in a contemporary, "perfect-bound" format.

ALL TOGETHER NOW.

*Let's say
"HALLELUJAH!"
for envelopes that
stay together.*

Loose envelopes in boxes have a tendency to fall out and become disorganized. The out-of-sequence envelopes drive tidy people crazy, frustrate the not-so-tidy with a whole new level of not-so-tidiness, and sometimes cause people to forget to give altogether. Envelopes that are perfect-bound in date order never get lost or rearranged, which lets everyone breathe a huge sigh of relief.

Style.
Service.
Savings.

GIVING KNOWS
NO BOUNDARIES—
We can print in
any language.

GIVING MAKES UP EVERY ASPECT OF OUR BUSINESS.

Inspiring the spirit of giving is not only our mission, it's the way we live. We believe in giving in every aspect of our business, whether that means giving our best service to our customers, giving our all to our employees, or regularly giving back to the communities in which we live and work.

Our One Write Light Fund was created in 2009 to inspire our corporate family to give as they are called. One Write sets aside a portion of its annual profits to be used for charitable contributions, but rather than earmark the money for one specific cause, we leave it to each of our individual employees to choose the recipients they most wish to help. We recognize that we all come from a wide variety of backgrounds and beliefs, and we want all of our employees to choose the groups or individuals that speak to them personally. Each employee is responsible for designating up to \$500 annually to the group or individual of their choosing in order to feel a closer connection to the lives they are impacting.

And because we consider our customers to be part of our spiritual family, we always ask that they make requests when they see a need in their own communities. Each request will be thoughtfully reviewed and gifts will be made based on funds available and the information provided.

WE HAVE A LONG HISTORY OF LISTENING TO CHURCHES.

We started listening back in the late 1950s when churches told us they wanted a product that made record keeping easier than the carbon copy forms they were using. Using NCR paper to supplant carbon, we created the One Write System, and we still offer our Contribution Report Forms and corresponding window envelopes on our website.
